Coastal Outsourced Solutions Continues its Growth with Five New Clients

FAIRHAVEN, MA – February 10, 2020– Coastal Outsourced Solutions (COS) announced tremendous growth by recently partnering with five new clients for default loan servicing, loss mitigation and Coastal Payment Solutions (CPS). This continued momentum speaks to significant industry demand for its services. COS offers a variety of high quality and cost-effective solutions for banks and credit unions from coast-to-coast. Their mission is to be a collaborative, trusted partner to clients, helping them improve the way they do business.

COS is excited to be working with Achieve Financial Credit Union and Fidelity Cooperative Bank in default loan servicing as well as Align Credit Union in loss mitigation. COS will be partnering with each of these institutions to work through delinquency needs to mitigate losses in all aspects of their portfolios.

Marquette Savings Bank and Metro Credit Union have made loan payments more convenient for their borrowers by choosing Coastal Payment Solutions (CPS). With CPS, borrowers can easily make an electronic loan payment using their deposit account at another institution to pay their loan. Coastal Payment Solutions' platform will support clients in improving efficiency and streamlining operations while offering the best possible user experience for their customers.

"We take pride in the services and solutions we provide to achieve the unique objectives for each of our clients. We are very excited to partner with these institutions and are dedicated to providing them with the highest level of client care to support their business", said Geralyn Marcinko, President of Coastal Outsourced Solutions.
